

RxIgnite

Accelerate your pharmacy's digital agenda in 5 weeks

WEEK 1

Generate current state snapshot; conduct business **outcomes** workshop

WEEK 2

Conduct technology gap and efficiency assessment

WEEK 3

Identify improvement and automation opportunities

WEEK 4

Recommend detailed digital **roadmap**

WEEK 5

Begin project execution with scalable, cost-effective digital solutions

The Path to Adaptive Pharmacy IT

Not every technology investment can promise to drive transformational change or deliver on key business initiatives. Through the RxIgnite program, your pharmacy will be equipped with a roadmap leading to an adaptive IT environment and respond faster to today's top challenges: margin compression & cost reduction, analytics & reporting, regulatory compliance, the patient experience, and consolidation.

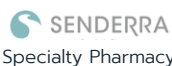

KEY ACTIVITIES

- ▶ Kickoff
- ▶ Business Outcomes Workshop
 - Workflow and process mapping
 - System function mapping
 - Pain point identification
 - "Wish list" item capture
